

Road description from Florence Main Station to the SITA bus terminal:

With the railway tracks in your back, leave the Florence Main Station through the right exit. Cross the street at the pedestrian crossing with the traffic light. Follow the pavement to your left turning right around a big building (which is already the SITA bus terminal). After some 50 m, you will find the large entrance of the SITA bus terminal. You can purchase your bus tickets at one of the counters to your left.

You find the current timetable Florence – Colle di Val d'Elsa here:
